The destination is decided by a student and parent poll.
Last year the students experienced a home-stay in Okinawa.

Feb. Tea ceremony experience

Learn the courtesy of Way of Tea.

March Dance Competition, Graduation Ceremony

2nd year

Dignified ceremony

Message from Vice-president of Student Council

Aoi Nishimura

Mito Daini SHS has many kinds of events. They are sure to enrich everyone's school life. The sports festival is a true clash between girls. It is precisely because there are only girls that the competition is so passionate and such strong bonds between teammates can be formed. It is a day of much laughter and tears.

Miyabi Festival makes classmates even closer since each class plans and carries out their exhibitions from scratch. The exhibitions are categorized into 3 types, attraction, food and display so there's a lot of variety. On the day when the Miyabi festival is open to the public, an innumerable number of locals come to see it and enjoy interactions with students in a friendly atmosphere.

Won't you spend a once-in-a-life-time high school experience here at Mito Daini, where you're sure to attain a sense of achievement and fulfillment. Come and join us !

School Identity

The Ideal School We Pursue

The school where female leaders with grace and culture,
who contribute to society are created.

Career Education

Career Education

Students can achieve their desired plans after graduation

- Raise students who make proactive decisions in their own initiative

- Form the foundations of a female scientist to succeed in the world

Education for International Understanding

From Mito Daini SHS to the world

- Develop women who are active in both international and local communities with a global perspective

Math and Science Education

Education for International Understanding

Message from the Student Council President

Miyuu Gunji

Hello, everyone

“Mito Daini SHS is one of the higher level school in the prefecture that boasts having a long tradition.” If you hear only this, the image that “Mito Daini is a stuffy school where we only study like everyone around us is a rival” may float into your mind. However, this would be a big mistake! Mito Daini is a fulfilling institution, with teachers who are overflowing with personality, and classes that are fun and easy to understand. All students earnestly tackle the fun events, like Class Match, Sport’s Day, and *Miyabisaï*, our school festival. And more than anything else there are friends who are there to study with you and who will come to understand you will.

Unfortunately, I cannot convey the greatness of Mito Daini in only words, but a lot of excitement and wonderful encounters are waiting for you here.

What kind of school life do you want to lead? How about a school life where you go to sleep everynight excitedly wondering about what might happen tomorrow? By all means, let’s spend an unforgettable school life together! From my heart, we would love to have you here!
